K-6 Music Lessons

Once again Walla Walla Public School will provide the students with the opportunity to learn elements of singing and music through a weekly lesson presented by the Murray Conservatorium of Music. This lesson is free for all students from Kindergarten to Year 6. We welcome Mrs Robyn Krowicky back in 2016 as the teacher of this program.

Classroom Changes

There have been some changes in the layout of the Primary classroom this week. I thought it was a good opportunity to talk to the students about the role that change plays in our lives.

There will always be changes, especially in the technologically connected world that we now live in. I believe that it is important for children to experience change regularly so that it becomes a natural progression rather than something to be feared. One of the year 6 students asked why do we need to change? I explained that in Year 7, you change subject, class and teacher several times everyday. You need to be prepared for change in order to be prepared for High School.

The students were then very excited to name new areas of the learning space and came up with some excellent guidelines for using each space. I look forward to having the students fully using their new learning environment as we move into discussions about How2Learn and how to improve our learning power.

P & C News

- As it is very likely to be a hot day on Thursday for the swimming carnival, we would be grateful if any parent could bring down a shade shelter if you have one.
